Subject: Soil sampling results for Carrie Gosch Elementary School
Attachments: Preliminary Design 455 E 148th RD Data.pdf; Preliminary Design 455 E 148th West RI Data.pdf; Gosch_Results_Ltr_071216.pdf

Dear Ms. Morgan:

Attached please find the results letter and two diagrams that represent sampling events at the elementary school property. Note in the table on the second to last page the QC-Lead results showing an exceedance of 810 ppm for lead at a depth of 18-24 inches. Please contact Tom Alcamo or myself if you have any questions.
